Life Tastes Better with Salt

by Linda Kratz

Linda is SCR's Area Coordinator for San Diego County

Salt is a three and one-half year old purebred sable headed white smooth collie. He came into Southland Collie Rescue two and a half years ago. He has about the longest legs possible on a smooth which give him a springy gait and elegant borzoi/greyhound-like appearance. On his walks, people stop in their tracks to admire him. Salt loves to play and is very social with dogs he knows to the point of loving to curl up and share his bed with one of his foster siblings.

Salt does have a reactive insecurity to most unknown people and dogs. He is very suspicious of children. He prefers women typically but not exclusively. Salt needs no-nonsense, gentle but firm guidance. He is eager to please and takes well to corrections. A best fitting home would have another active, rough-play-loving,

very confident dog. Salt can be opportunistic to dogs he perceives as weaker but he does respect any dog who gives him a well deserved canine comeuppance. Salt is fine with cats and has lived with ten of them! He would not do well placed in a home with children or elderly dogs.

Salt does not do well left outside for any duration. He actively craves and seeks stimulation and starts barking. He does love being in his crate and willingly runs in.

Currently, Salt is in my home with several other smooths and mixes. He has two best buds that he subjects to seemingly nonstop neck and leg biting - all in play. He needs a home with someone with more time though to bring him to his potential - to get him out, about and exposed in cautious increments to build his confidence. Salt needs someone to bring him to his full potential, someone who will discover that life tastes better with Salt!

Meet Precious!

Precious kitty came in with her best friend and Southland Collie Alumni Liberty "#1977". She and Liberty bonded over the last three years when Liberty was adopted from SCR. Unfortunately their owner came onto some hard times and had to

relinquish both of her very beloved pets to SCR. We took them in together and soon after in to rescue sweet Liberty went on to rainbow bridge. Now Precious is by herself and looking for a forever home to spend her senior years. Precious is about 15 years old. She is a polydactyl kitty which is known for having more toes than the usual number on her front paws. She is a beautiful kitty that gets along with dogs and we think she would probably be ok with other cats too. She came to us declawed so she needs tone an inside kitty only! We also found out that she has lung cancer so her time here may be very limited.

Let's help Precious find a loving home that will love her forever If you would like to foster her - that would help too!

Spring 2017

I am an animal rescuer.

I will save lives. I will lose lives.

I will make wise decisions. I will make mistakes.

I will be surrounded by people who understand what I do and how I feel.

I will be criticized and abandoned by those who do not understand.

I will rejoice when each homeless huggable finds a new forever family.

I will suffer through days when I cannot get those lost out of my mind.

The Southland Collie News is made possible thanks to a team of SCR volunteers, who do the computer graphic design, writing, editing, photography, envelope stuffing, transportation, label printing, envelope labeling, bulk mailing; and Dennis and Bryan Hauge, of Stacey Hauge Printing, 28486 Westinghouse Place, Bldg. 10, Valencia, CA 91355-0929, (661) 294- 6545. For each issue, Stacey Hauge Printing generously donates printing of 1500 copies, and charges SCR only for the paper's price.
